Class Description

- 1. Be 10-15 minutes before class starts because you may need equipment.
- 2. Class has a limited number of participants! First come first serve.
- 3. During Yoga classes, the door will be closed once the class starts.

Aqua Fit: Muscle-conditioning water class alternated with low to moderate aerobic training. GREAT MUSIC, SO MUCH FUN!!!!

BODY PUMP: This amazing class is a total body strength workout that will shape and tone all major muscle groups, increase core strength, improve bone health and leave you feeling strong and fit.

Bones & Balance: A combination of light weight-bearing endurance, balance, and gentle full-body strengthening exercise appropriate for participants with osteoporosis.

Booty Blast: This weight training based class uses a combination of barbell, dumbbells, bodyweight exercises and cardio burst designed to tighten and tone your legs, glutes, and abdominals. Get ready for that booty to burn!

Chair Yoga: Use a chair to support participants in modified yoga poses, making the practice accessible for people of all ages and abilities

Core: Strengthen your "powerhouse" muscles—your abs, back, glutes, and hips—to improve posture, balance, and overall body strength

Core and More: A high-energy workout that combines heart-pumping cardio exercises with focused core strengthening movements to build overall fitness, burn calories, and improve stability.

Deep water: Deep water aerobics utilizing buoyancy belts for a non-weight bearing workout. Water comfort necessary, however, swimming ability is not required.

Fluid Motion: Water class for special populations such as those with Arthritis, fibromyalgia, and other conditions. Lots of stretching

Flexible Fitness: A variety of standing, sitting, & floor stretching will be presented. All levels are welcome!

Flow and TONE: It’s a whole body workout. It engages muscles you wouldn’t normally target—ones deep inside your body that squats, lunges, and sit-ups don’t reach. With high-reps and low-impact movements, this class challenges anyone looking to fine-tune their muscles.

Great Beginnings: Low-level class using bands, weights, chairs, and slow movements to increase strength, cardiovascular fitness, and improve balance. Appropriate for seniors, beginning exercisers and those with chronic conditions.

Honeybees: One hour kids class (ages 3 months– 8 years) in the gymnasium. Play around the gym with bikes, balls, hula-hoops, etc.

Pilates: Promotes mobility and strength of all the major muscle groups in the body, while having a focus on deep core muscles

Power Core Yoga: This will be a one-hour flow class with focus on upper body and core strength. This one-hour class will provide a full body workout with challenge enough for the advanced practitioner but with modifications offered that will make it accessible to anyone.

Power House: This one hour class features plyometrics, endurance drills, and cardio and is set up in stations around the Gymnasium. Every day is fun, challenging and different!

QiGong: Qigong works on the internal and external body. It improves posture, muscles, bones, balance and organ function through gentle flowing repetitive movements.

Rise & Ride: GET FIT with this 45-minute class. Burn calories, build muscle, improve endurance and relive stress!

TRX & Spin: Get the benefits of a 30-minute cycle class and the toning results of a TRX core workout in this fast-paced, ultra-cardio combo! Two different formats in a one-hour class!! This session will start in the GYM and end up in the Spin Studio.

Spin: High-Energy cardio class on a stationary bike designed to mimic outdoor cycling.

Splash: Utilize water resistance to condition and tone the upper and lower body both simultaneously and isolation with punches, kicks, and jogging drills. Develop cardiovascular endurance while having fun!

Step it up +: Get your heart pumping with easy-to follow moves, ending with core and body resistance stretching. Get a full cardio combo in 45 minutes!

Stretch and Breathe: 1 hour flow yoga class with a concentration on stretching, breathing and being present. Accessible to all!

Strong QiGong: A dynamic and unique blend of ancient arts with modern science, mixing Tai Chi, Qigong and Shaolin strengthening.

Tabata: This training breaks a workout down into clearly defined intervals – typically, 20 seconds of a push-it-to-the-limit exercise followed by 10 seconds of rest. Eight consecutive work-and-relax cycles go into a 4-minute round. Burn lots of calories with this amazing format!

Tone it Up: A great class filled with easy to follow techniques and energizing music to keep you moving for 60 minutes. Tone your body while you have fun!

Water Blast: Use water’s natural resistance to improve cardiovascular fitness & muscle tone. Intervals! We use TABATA techniques to challenge your body!

Weekend Wake-Up: A high-energy cardio blast that varies with each instructor designed to get your weekend started with conditioning and strength exercises.

Yin Yoga: Slow paced practice focusing on holding poses for an extended period of time. Beneficial for increased flexibility, improved joint mobility, reducing stress, promoting relaxation by targeting deep connective tissues.

Yoga: Yoga is an excellent way to stretch & strengthen the body, focus the mind, and relax the spirit.

Yoga Basics: A transformative Yoga practice that allows you to execute poses while seated, using a chair or props for balance. Yoga Basics offers the same benefits as traditional yoga, like boosting strength, flexibility, mobility and mental well-being.

Yoga/Pilates: Combine Yoga, Pilates and Athletic Training. This class is designed to improve flexibility, range of motion, muscle tone, core control, coordination, and symmetry.

Zumba®:Latin inspired dance-fitness class that incorporates Latin and international music and dance movement
